

Cyntech was contracted to complete full upgrades to a premium / unleaded fuel tank. The tank was raised and supported at an 8 ft height.

The existing foundation was removed and the secondary containment was installed with a leak detection system.

This project was completed on a reimbursable contract and was finished on budget and on schedule.

## Tank details

- Tank number: 20002
- Diameter: 80 ft
- Height: 40 ft
- Roof type: fixed
